

Chris Forster

I have been a teacher at Pillowell School, for the past 9 years, teaching across both KS2 classes.

I am extremely passionate about my role as a governor and my aim will be increasing the learning opportunities that children have across the schools. I have a particular interest in Maths and PE, being the subject lead for both areas.

I feel extremely proud and privileged to be part of such a wonderful school, with respectful, charismatic children and supportive, helpful staff!
